

Bird to Enter Race For Fifth Reelection As County Supervisor

David W. Bird, Second District County Supervisor, last week said he would run for reelection for the sixth time. The Second district includes Lemon Grove and Spring Valley.

He made the announcement at a civic luncheon given for him by friends and supporters at the San Diego Country Club in Chula Vista.

More than 200 persons, including a good share of San Diego city and county officials, gave Bird a standing ovation.

Bird cut his political teeth as a National City Council Member in 1924, has been a public servant and businessman in his district since 1920. After four terms as National City Council Member, during which Bird served six years as Mayor, he conducted a successful bid for Supervisor in 1940.

In previous campaigns, Bird has had little difficulty in facing reelection. In fact, two terms he ran unopposed.

In serving his district for 19 years, Bird has earned a county-wide reputation for:

1. his outstanding efforts on behalf of developing an early county administration program;
2. his open advocacy of a public works department to anticipate and solve the county's explosive growth problems;
3. his inspiring fights for improved sanitation facilities, park and recreation expansion, keeping up with modern county road requirements;
4. his continual watchdog attitude concerning government expenditure and insistence that San Diego County receive the best in modern county administrative measures within the framework of sound economy.

Bird's state-wide and national fame is reflected by his recent election as chairman of the board of the National Association of County Officials.

Among other recognition of his contributions to local government, Bird submits the following associations:

- 1956 — Re-elected Director at Large and Treasurer of County Supervisor's Association of California.
- 1958 — Chairman of the Board of Supervisors.
- 1959 — Appointed Member of State Local Planning Board by Governor, consisting of seven members throughout the state to advise with cities, counties or less than 50,000 population.
- 1959 — Elected Director of NACO, National Association of County Officials, at Detroit.
- 1960 — Elected Chairman of Board of Directors at NACO at San Diego.

In addition, Bird has served as chairman of the Board of Supervisors in San Diego County six times.

Water Expert To Address Grove Men's Club

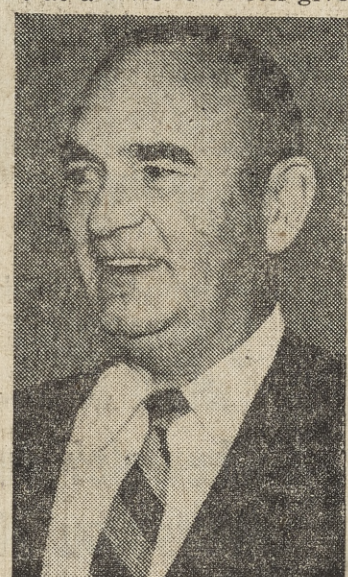

Paul Beerman, director of operations for the City of San Diego, will be guest speaker this Friday at the Lemon Grove Men's Club.

He is to discuss water problems in the county.

Beerman is a recognized water authority, according to John Dall, club vice president in charge of the program.

Last week, Verne Parker, San Diego director of public works, outlined the maintenance procedures in the city. He discussed streets, concrete structures, bridges, drainage, street cleaning, traffic markings and lighting.

He said that if Lemon Grove were to annex to San Diego, street maintenance would be "at least as good as it is now and probably better."

Assemblyman Hegland To Run Again

Assemblyman Sheridan Hegland (D, 77th Dist.), has announced that he will seek reelection to the State Legislature. He was first elected in 1954, and is serving his third term.

Chairman of the Joint Senate-Assembly Committee on Revision of the Education Code, he has played a prominent role in legislation. Last year more than fifty of his acts passed both houses and were signed into law.

In 1955 he was author of the Hegland Scholarship Act under which more than twenty-four hundred high school graduates by competitive examinations are awarded scholarships to the colleges of their choice. Also he was author of the legislation which paved the way for the expansion of Scripps Institute into a branch of the University of California at La Jolla.

In 1958 his act outlawed "diploma mills," termed a "multi-million dollar white collar racket." He has been active in junior college legislation, and has pushed through laws assisting their formation and operation.

Hegland has consistently supported the California Water Plan and authored a number of acts dealing with city and county government. A graduate of public schools in Iowa and of Stanford University, he was a publisher of suburban newspapers in the La Mesa-Lemon Grove area before entering politics.

His wife is a teacher of severely retarded children. A daughter, Sherina, is a graduate of San Diego State College and, with her husband, Michael Friedlander, is now seeking an advanced degree at San Francisco State College. A son, Kenney, graduate of Grossmont High School, is a Stanford sophomore.

Hegland, who terms himself "an old-fashioned Jeffersonian Democrat," has been a resident of San Diego County since 1939.

The DIMMER VIEW

by MAX GOODWIN

This newspaper received considerable commendation last week for its First Annual Progress Edition, a 28-page newspaper chock-full of local information and advertising.

It was the all-time record for size, being the largest single full sized issue we have ever printed.

We have been besieged by residents for extra copies, many for sending "back home." Students of our community also have called upon us for additional copies. Some of our readers called us personally, to give us a pat on the back.

One reader, a Mr. William Knowles, sent us this telegram: "BEST LEMON GROVE REVIEW . . . BEST DIMMER VIEW COLUMN. AM CURIOUS, HAVE YOU HIRED OR FIRED A GHOST WRITER?"

The whimsy, together with the commendations, are gratefully accepted and passed on to the persons who deserve it. Don Wilson, our news editor, was project editor, Jim Hegarty, our advertising manager, coordinated it, and of course, the men in the composing room, without whose splendid effort the issue couldn't have been produced at all, are equally deserving.

While the issue carried a tremendous amount of news and advertising, we have some regrets because of omissions. Some of our best friends were unintentionally left out. We are forced to admit that we missed whole groups, such as our fine attorneys. We missed the medical profession, and we even missed our town's mortuary. It was our sincere intent to include every organization, firm, church, club and profession in the issue.

Because it was the first we attempted, we feel our oversight is forgivable. Especially in light of our determination to make the next one bigger, better, and all-inclusive.

There was a plethora of testimonial meetings about the county last week and we want to report on two of them which we attended.

At the luncheon honoring Supervisor David W. Bird Thursday at the San Diego Country Club, more than 200 civic leaders, city and county government officials, and friends congregated. There were some heartfelt and spontaneous utterances made by

Bond Issue Seen For Local Schools

A bond issue will be necessary in October in order for Lemon Grove Elementary school district to qualify for state aid.

Byron Netzel, district superintendent, told the governing board Monday night.

He said the school tax rate, now 45 cents for each \$100 assessed valuation, would remain the same. This occurs because districts not bonded to capacity must increase payments for retirement of state loans. The latter is eventually forgiven.

The board also approved preliminary plans for \$560,000 worth of school buildings for additions to Palm, Mt. Vernon, Monterey Heights, San Miguel and San Altos schools. Bulk of the funds would be to bring Palm Avenue up to full junior high school standards for 550 students.

The board, prodded by President Bert Cosby, set the school calendar at 178 days. Previously the board had considered a calendar of 176 days but agreed Monday to make December 19 and 20 (Monday and Tuesday) school days producing a bro-

Hospital to Have New Phone No.

Grossmont Hospital will have a new telephone number after this Friday.

The new number also is the first in a new "exchange" in this area: HOward 5-0711.

Hospital officials said that the new number was necessary because of installation of a new switchboard and telephone equipment, which will contain a "toll control dial" system that automatically flashes a light at the switchboard when anyone dials a toll number.

Planners Say 'No Sale'

Little League Kids Kicked Out of Park

Industry Zone Blasted by Vista La Mesans

The La Mesa planning commission last week denied an application for zoning a vast area to permit industry in a district adjacent to Lemon Grove.

The denial came after a beligerent and vocal protest from Vista La Mesa residents who live near the area.

Mrs. Fred Holding, 7460 Waite Dr., Lemon Grove, led the protesters. She said this week that she and her neighbors will "just wait and see what happens now." The applicant for the industrial zoning, the Eastridge Co., can appeal the denial to the city council.

Mrs. Holding said that if the matter comes up again, she and her neighbors will "flood the Lemon Grove Chamber of Commerce and the La Mesa City Council with letters."

Protests, she said, came from residents who own "expensive" homes in the area "and don't want a lot of dirty factories as neighbors."

Driver Killed As Car 'Sails' Across College Avenue

Patrick William Sullins, 19, a sailor living at 7872 North Ave., Lemon Grove, was killed instantly Tuesday morning when his car ran off the freeway at College Ave.

His wife, Shirley J., was severely injured but reported to be in "fair" condition at Lake Murray Community Hospital.

CHP Investigator Jack Whitting reported that the car, traveling east on the Lemon Grove freeway at a high rate of speed, mounted the curb at the Broadway turnoff, followed the curb for nearly 150 feet, was airborne all the way across College Ave., landing halfway up the opposite bank.

Police said the car then scooted another 50 feet, disintegrating as it went. The engine stopped 100 feet beyond the body of the car and the transmission was 150 feet beyond it. The accident occurred at 2:05 a.m.

Sullins was assigned to the US Navy Recruit Depot.

Miss Janice Walker

Lemon Grove Beauty Named Campus Queen

A girl from Lemon Grove was named winner of the first Del Sudoste campus beauty contest at San Diego State College last week.

She is Miss Janice Walker, 18, daughter of Mr. and Mrs. Raymond E. Walker of 3119 Massachusetts Ave. A resident of Lemon Grove for the last 10 years, Miss Walker attended St. John of the Cross elementary school and is a graduate of Rosary high school in San Diego. She was born in El Paso, Texas.

The black-haired, brown-eyed beauty is a business management major at San Diego State College and has career leanings toward either fashion designer or legal secretary.

Among her other "titles" are her selection as a finalist in the 1958 "Miss Poinsettia" contest sponsored by the San Diego Junior Chamber of Commerce as part of the Poinsettia Pageant at Christmas time, and her selection of "Miss Flapper" at the annual "Varsity Drag" at school dance sponsored by Tau Kappa Epsilon Fraternity each fall.

Janice is a pledge of Alpha Chi Omega Sorority.

Water skiing behind her father's speedboat appears as her main hobby, along with piano, baton twirling, golf, and other outdoor sports. While at Rosary, she was cheerleader and a baton twirler for the St. Augustine High School athletic teams.

NO MORE BUSINESS

SAN DIEGO (CSN) — There is enough business zoning at present in the La Presa area, so no encouragement should be given to additional requests for zone changes for commercial purposes, the County Planning Commission decided Friday. The commission's action was taken as a result of a petition received from seven property owners having land on both sides of Jamacha boulevard. They asked for commercial zoning for a strip 200 feet deep on each side of Jamacha from Grand avenue eastward for about a mile and a half.

Residents Protest Against Noise, Dust in Area

Recreation Chief Hints League

Not the Culprit

SAN DIEGO (CNS) — Use of a county park in the Vista La Mesa section of Lemon Grove for Little League purposes was denied Friday at a stormy session of the County Planning Commission.

Neighbors in the area of King street and Hoffman avenue, where the Little League has played in the past, turned out at the commission hearing to protest the granting of a special use permit for another year.

O. C. Stuck told the commission he had never opposed the Little League in the past, "but this time I'm going to have to." He said the park is too small for a Little League field, but it wouldn't be bad were it not for the adults who used the field last year.

"The adults stationed the kids on the outside of the field, on my land, and knocked balls all over the place, on the roof and in my garden," Stuck said. "The adults have really messed it up."

Others who spoke were Roy M. Dulvey, Louis Rooney, Lillie Martin, Anna Rheinhold and Mrs. Lawrence Hansen.

Jack Crawford, Little League official, said the league had planned to move this year, but the land it wanted to use, owned by San Diego Gas and Electric Co., had been sold. He told the commission that the league would do anything the county required to satisfy neighbors.

Glenn B. Major spoke in favor of the permit being given, saying that complaints against the field's size were unjustified, because it fulfilled the official requirements of the league.

Cletus "Biff" Gardner, head of the county's parks and recreation department, said the dust and noise protested by neighbors are "inherent in public playground activities." He also said that unsupervised play at the park might be even more of a nuisance than the Little League.

There has been improvement over past years, Gardner said, as the loudspeaker has been taken out and a chain link fence surrounds the field.

The parks and recreation department, as operator of the park, was an applicant for the permit, with the Little League. Gardner admitted that the Little League had promised to move, but said it couldn't be helped that its proposed site for a new field had been sold. He added that present real estate prices in the area make the purchase of land for another "prohibitive."

Commissioners were divided among themselves as to what action to take, but finally voted against the permit.

The commission's decision can be appealed to the Board of Supervisors, who have the power to over-rule the commission and grant the permit.

ZONE CHANGED

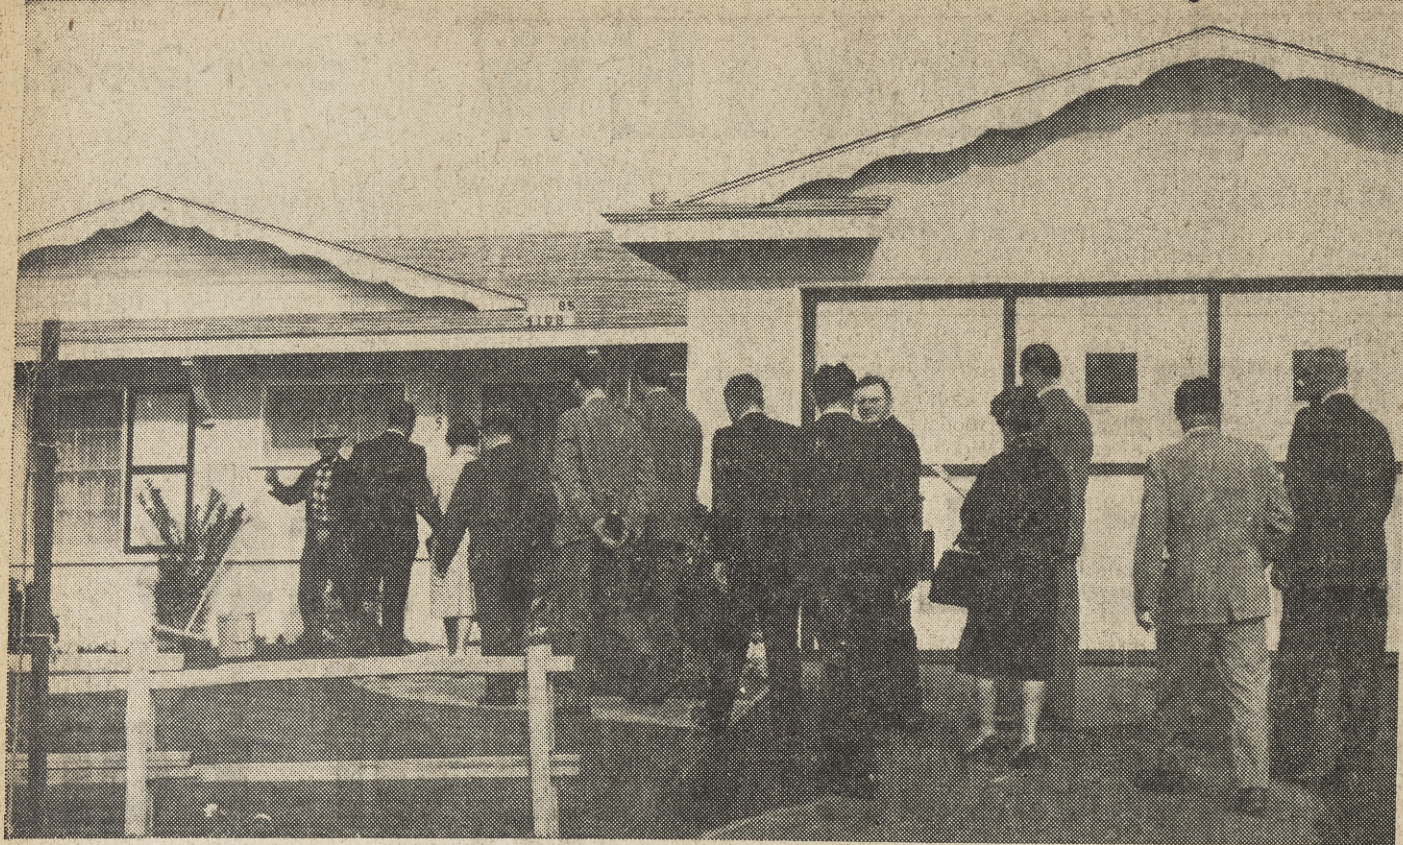

SAN DIEGO (CSN) — A zone change from residential to commercial for two and half acres in Lemon Grove, asked by W. L. Tyson, was finally approved Friday by the County Planning Commission, after months of delay. The commission required that Tyson donate land for the widening of Washington street, and approval of the zone reclassification was delayed until the papers giving the easement had been completed.

CLEANUP TIME — It's as important to get the fire hoses back onto the truck as it is to get them off. Here firemen rush to "secure" from training exercise in the La Presa area. Firemen from La Mesa and Lemon Grove departments aided the Spring Valley fire department Saturday

in an all-day session in the La Presa area. Firemen burned down several old buildings in an exercise which was designed to give men and departments training in cooperative fire fighting.

LEMON GROVE STORES OPEN 'TIL 9 FRIDAYS

Yugoslav housing delegation, surrounded by interpreters and officials of Bollenbacher and Kelton, developers of Spring Valley Estates, tour the big housing development in Spring Valley. The visitors were here to learn how Americans mass-produce houses.

Yugoslav Housing Experts Tour Spring Valley Estates Project

Five Yugoslavian experts in housing last week toured Spring Valley Estates development to observe the latest large-scale construction methods being used by the American housing industry.

The Yugoslavian team is in San Diego County as part of a nationwide tour sponsored by the International Cooperative Administration, an agency of the federal government. The team has been in the U.S. since January 15, visiting American cities to study planning and building techniques in single and multi-family construction.

Touring Spring Valley Estates as part of a three-day study of the San Diego area, the group was shown techniques of large-scale residential building. Every phase of construction was open for their inspection—from initial grading of sites, through pouring of foundations, framing, finishing, and landscaping.

R. J. Swane, vice president of Bollenbacher & Kelton, developers of Spring Valley Estates, and president of the San Diego Building Contractors Association, led the group during the tour.

Members of the Yugoslavian team are architects and engineers in Yugoslav building industries and educational institutions.

Leader of the Yugoslavian team was Dobrica T. Ivanovic, an architect, who is Chief of Civil Engineering, Executive Council of Serbia, Belgrade.

Other team members were Danilo M. Hinc, an engineer, Chief of Manufacturing Plant, KOMGRAP-Sremenska, Belgrade; Slobodan D. Jovicic, Chief Project Architect, "Plan" Architectural Institute, Zagreb; Abdulah Kadic, professor of architecture, Technical Construction School, Sarajevo; and Vojin B. Mijuskovic, an architect and engineer, Chief of Design, Srbija-projekt, Belgrade.

Accompanying the team as escort was Walter F. Evans, training program officer of the Office of International Housing, Housing and Home Finance Agency (HHFA). Interpreter was Bogdan Bauer of New York City.

The 2,200-home Spring Valley Estates development is one of the largest currently under construction in San Diego county with 1,271 homes either built or under construction. Within the next 10 months, another 1,000 homes will be built there. Bollenbacher & Kelton previously built the 3,000-home Allied

Miguel Seniors In Final Phase Of Scholarship Bid

Mt. Miguel high school has two seniors on a list of 10,000 throughout the country who have been named finalists in the 1959-60 competition of the National Merit Scholarship Corp. program.

The seniors have been awarded certificates of merit.

Mt. Miguel's two seniors on the list have been announced by Robert Spencer, senior counselor, as follows: Richard Johnson, 17, son of Mr. and Mrs. Harold R. Johnson, 2046 Dayton Dr., Lemon Grove; and Richard W. Payne, 17, son of Mr. and Mrs. R. W. Payne of 3817 Pinto Place, Spring Valley.

Over 550,000 students were tested in the 1959-60 National Merit Scholarship competition which began last April. The tests results have pared the competitors down to the 10,000 finalists from which the Merit Scholars will be selected and announced this spring. They, and the colleges they have chosen will share in the several million dollars in merit scholarships funds to be offered by over 110 different organizations and individuals and by the corporation itself. The winners will be announced about April 27, 1960.

The finalists from Mt. Miguel distinguished themselves by their high scores on two college aptitude tests used in the National Merit Scholarship competition. About six-tenths of one percent of the seniors in each state received the awards. A national total of 10,000 students were honored.

Local Students On Junior College Dean's Honor List

Two Lemon Grove and two Spring Valley students are included on the San Diego Junior College Dean's List for fall semester full time day students which has been announced by Mrs. Margaret D. Olson, dean of students.

A total of 76 full time day students qualified for the list. To be eligible for the Dean's List a student must carry 12 or more units for the semester and maintain a grade point average of at least 3.5, Mrs. Olson said.

A 4.0 grade point average represents an all "A" average and 3.0 an all "B" average.

The Lemon Grove students are Helen R. Hofem, 2824 Cypress, and Lester O. McIntosh, 6990 Waite.

The Spring Valley students are Hazel H. Bartle, 1050 Del Rio, and Paul A. Cook, 1258 Elkton.

Local Musicians To Join in County Music Festival

Youthful musicians from local schools will join others from San Diego city and county schools for the 17th annual instrumental music festival this Friday and Saturday at San Diego's Hoover High school. The festival is sponsored by the San Diego district of the California School Band and Orchestra Association.

Kenneth Owens, city schools' assistant supervisor of music and the festival's organizing chairman, said that Hoover High will be host to the largest assemblage of musicians in the history of the event.

He said 32 bands and orchestras, 58 ensembles, and 260 soloists will be heard on Friday. Another 31 bands and orchestras, 40 ensembles, and 125 soloists will perform on Saturday.

In order for the festival adjudicators to hear and prepare ratings for so many performers, it will be necessary for Friday's performances to begin at 7:30 a.m. and continue until the last band is heard at 9 p.m. The program Saturday will be almost as lengthy, from 7:35 a.m. to 9 p.m.

Top-ranking school bands and orchestras in the San Diego area have been selected for Friday and Saturday evening auditions. There will be a nominal charge (50c for adults, 25c for children) to help defray expenses. There will be no charge for daytime performances.

The DIMMER VIEW

(Continued)

some of the guests and the whole thing went off in fine style. The quantity and quality of his well-wishers, brought into focus the wide support this supervisor has amassed. And he's done it by the most uncomplicated political trick of all; by simply making friends.

In his speech of appreciation, Bird revealed that friend-making was the part of his job he liked best.

"I like people," was the keynote of his talk. Small wonder that he has had little competition for the office of supervisor of the second district (we're in his district) for which he has been a successful candidate five times.

At another testimonial luncheon; this one for Dr. Myron Insko, the retiring head of San Diego Goodwill Industries (there are two Goodwill stores in Lemon Grove), brotherly love and fellowship was the order of the day at the head table. Dr. Insko rightfully deserved all the nice things that were said about him.

At the press table at the affair, the conversation had a different quality. It happened when San Diego City Manager George Bean arrived late and sat at the table reserved for news media.

During a lull in the proceedings we asked Manager Bean why he condoned public utterances such as those made by his administrative analyst in Lemon Grove the week before. At that time the employee had described as a "cruel hoax" a survey sponsored by the Lemon Grove chamber of commerce.

Manager Bean told us in no uncertain words, that he would not attempt to muzzle any of the city employees regarding any statements they cared to make unless they attempted to make statements of policy.

Freedom of speech is a Constitutional right to be admired and defended, and we're for it, but Manager Bean's attitude appears to be an invitation to city employees to offer opinions from a position of authority with none of the responsibility.

If we were San Diego taxpayers we'd want our hirelings staying at the store, doing the work they're paid to do instead of playing it mouth-loose and foot-free, making stupid charges against responsible citizens of a neighboring community.

If all city employees take advantage of Mr. Bean's unusual invitation, his tour of duty in San Diego is going to become more interesting each time it happens.

There's a saying in service club circles (changed enough to fit the local situation) that the Rotary club owns the town. The Lions club runs the town, but the Kiwanis club has all the fun.

The Lemon Grove Kiwanis club, next week, with an eye on a worthwhile project, as well as on fun, holds its annual pancake supper Friday and Saturday at the junior high school cafeteria.

This year the proceeds will go for uniforms for members of the junior high school band, and we can think of no better place to put the rather sizeable income. Scores of band parents have struggled through meetings and projects, trying to raise money for uniforms. Yet, with the school year more than half gone, the group is still \$1,800 short, according to Robert Sutton, school principal. If the supper income is up to expectations, about \$1,000 will be netted. Then, band parents can put on a burst of effort and wind it up in a jiffy.

Because our junior high band represents us as a community, it is proper and fitting that it should be sharply and smartly clad as they march and play here, and in special events elsewhere.

In all it is a satisfying combination . . . a pancake supper bargain on one hand, and a smartly garbed youth band, on the other.

New By-Laws OK'd By LG Chamber

The Lemon Grove Chamber of Commerce board of directors Tuesday adopted a new set of by-laws which included a revision of the dues structure.

Membership dues will be on a "fair-share" basis in the future, according to Larry Folda, CC president. A class of honorary members will pay no dues and hold no office but all other members will be full-paying members. The new schedule will be on a \$36-a-year basis, plus an overcharge to be decided upon by classification. Each classification will determine its own over-charge.

A testimonial dinner has been planned for past president Bill Parker of the Pacific Telephone Co., who was transferred to Alhambra. It will be held at the Bowlero April 2.

"Skip" Degenhart, manager of Don Diego Markets in Lemon Grove, was elected to replace Parker as a board member.

In other action the chamber agreed to change the name of the police service to Merchants Police Patrol. Deputy Hal Johnson will remain as the paid officer.

Assessor Calls For Landlords' Furnishings Report

Forms have been mailed to real estate owners having rental property in which the tenant owns a portion or all of the furnishings, John McQuilken, county assessor, reported this week.

These forms enable a landlord to indicate the tenant's names, both husband and wife; the address, legal description of the real estate or identifying parcel number, and what portion of the household furnishings tenants may own.

McQuilken says the mailing list is necessarily compiled from last year's assessment records and his office is aware of many changes in ownership and occupancy which take place in any twelve month period. Under California law, property owners have responsibility for providing the assessor with an annual statement of their holdings.

Landlords having rental property of this type must provide proper information for entry upon the new assessment roll. If this information is not received by the assessor's office, household furnishings will be assessed as being owned by the owner of the real estate.

Any landlord who has not received the 1960 Owner's Report of Tenants form should immediately contact the office of County Assessor, 103 Civic Center, San Diego 1, California.

NO ENTRANCE HALL?

For the small home without an entrance hall, here is an idea. Build an open wood grill of 2x2-inch cedar boards and space the upright wood pieces two inches apart. Then use short, similar-sized pieces of cedar for decorative separators. The grille can face the door some four feet into the living room.

Spring Valley PTA Units Name Six Life Members

Six persons have been awarded honorary life memberships in Spring Valley PTAs. Because of its recent organizing, the Avondale Elementary PTA did not participate.

Three PTA groups made their presentation on the night of Feb. 18. At the Spring Valley Elementary School PTA, Life Membership chairman Mrs. Adis Henry presented the awards to Mrs. Glenn (Jackie) Lindeneau of 9022 Koonce Dr. and Woodrow Fritz of 3307 Helix St. The two were honored because of their active work in PTA through chairmanships, carnival activities, school and community affairs.

At the Bancroft PTA meeting, president Mrs. John (Willowdine) Johnston, presented the awards to Mrs. Charles (Fyvie) Jackson of 8651 Lamar St. and Mrs. Gerald (Hope) Masse of 2539 Helix St. Mrs. Jackson was honored because of her two years as president of Bancroft PTA. She is also historian of the Mt. Helix Council and is a member of the Citizens Advisory Committee. Mrs. Masse was honored for her eight years in Scouting work, service to the PTA as membership chairman for two terms, acting as room mother and for her church work in the community.

At the Casa de Oro Elementary School, a different picture was presented. The recipient was Mrs. Rachael Moody, first grade teacher, who has been at the school ten years. But on the night for the presentation, Mrs. Moody was home, sick in bed. Principal Fred Burkhardt and Life Membership chairman Mrs. John Shacklett made the presentation at Mrs. Moody's bedside. She was honored because of her long and faithful service as a teacher and because she is loved by students and parents alike.

Mrs. Paul (Emily) Brose of 4141 Merritt Dr., La Mesa, was awarded her Life Membership at the Feb. 25 meeting of the Spring Valley Junior High School PTA. Mrs. Paul Schwartzkopf, Life Membership chairman, made the presentation. Mrs. Brose was honored because of the activities in Cub Scouting, her church work and youth activities. Serving in various capacities in PTA work for several years, this year she is second vice president of the S.V. Junior High School group.

Once Over Lightly

by Don Wilson

It was Heart Sunday and Paula was to be a "block captain." She was to go out at noon and collect funds for the Heart Association.

Noon drew near and Paula gathered up the materials that she would need. She hadn't looked at the materials in several days because she hadn't been feeling very well.

She prepared to start out. "Where's the sheet telling me what area I'm supposed to cover?" she said.

"Huh?" I said. "I don't know where I'm supposed to go," she said. "I can't find the instructions."

I helped her look. We searched all the drawers and cubby holes where such papers usually hide. No luck.

"Call Mrs. Allen Moss," I said; "she's chairman for this area."

So Paula tried, but the only Allen Moss in the phone book lives in National City. So Paula dashed off to check with a neighbor and I tried the phone.

I asked the operator for Mrs. Moss' number. She gave it to me. I dialed it. The phone rang at the other end. It rang and rang and rang. Nobody answered.

I called the Heart Association office in San Diego.

"Hello," I said, "My name is Wilson and my wife is supposed to collect for the Heart Fund but she lost her instructions and doesn't know what area to cover. We tried to call Mrs. Moss but nobody answered."

"I'll connect you with someone who can help you," the girl said.

"Hello, Mr. Moss; may I help you?" another voice said a moment later.

"Wilson," I said, "My name is Wilson. I was trying to call Mrs. Moss but nobody answered."

"She's probably out collecting for the Heart Fund," the voice said.

"Probably," I said. I explained the problem. I could hear papers being shuffled at the other end of the line.

"Mr. Wilson," the voice said, "you could have asked Mrs. Lawrence Vlach. She's district captain and she lives right across the street from you."

"I'll be darned," I said. And then the voice told me what area Paula was to cover. It was our street, for one block north and two blocks south of our house.

I told Paula. "Oh," she said.

The Mail Box

Dear editor:

What do parents, who are trying to raise their sons to be decent, respectable citizens, do when they are deprived of a way of keeping out of mischief?

Boys have got to have something to keep them busy and this summer 200 or more boys, who have looked forward to the Little League season will not have a Little League to participate in. (See news story regarding loss of Little League park elsewhere in this issue. Editor) Why, when mothers and fathers are willing to give up their time and devote it to helping their children and others, should a few be allowed to destroy it?

The Vista La Mesa Little League has been denied by a Board (of Planners) hearing the only public field available to them. There were only about five opponents to the League using the field, against about 300 for it.

The argument was against the dust and noise, teenagers and drag racers which the Little League is not responsible for. Their property is fully covered during the Little League season, and we are more than willing to make any necessary improvements to please these objectors. They don't realize what they're up against asking the Little League to give up the park. They won't only have more noise, teen-agers or drag races, but it won't even be a safe place for children to play in without supervision as it is when the Little League uses the park. The children then are under supervision, the park is kept clean, and at least, we know what the children are doing.

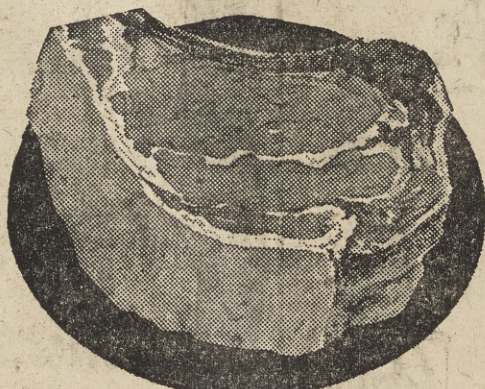

Isn't there something we can do for these boys? How can people profess a love for children, and then break the hearts of the whole community of

boys? I am signing this letter but I know there are over 300 parents who feel like I do. Sincerely, Mrs. Adam J. Nicholas 3916 Shirlene Place

Your child may have earned over \$600 in 1959 and you can still claim the dependency deduction for him provided he is under 19 years old; or, if he is over 19 years old, he was also a full time student for at least five months of 1959.

This applies only to your children. That is, your son, daughter, step-son or step-daughter. All other dependents must have income of less than \$600 to qualify as your dependents.

Your children, if qualified as

above, may have earned any amount. They are required to file a tax return if they earned over \$600, and are required to pay income tax. They can claim their personal exemption of \$500 on their own tax return.

This will not in any way prevent you from also claiming their \$900 dependency deduction on your income tax return.

If, however, your child is married and files a joint return with his or her spouse, then you cannot claim the dependency deduction.

You should be sure that you did furnish over one-half of the support and that your child was a full time student for at least 5 months of 1959.

The new Mrs. Williams

Mt. Miguel Graduates United in Marriage

The University Christian Church of San Diego was the setting for the marriage of Miss Jacquelyne Joyce Foss, daughter of Mr. and Mrs. William J. Foss of Lemon Grove, and Mr. Daniel Arthur Williams, son of Mr. and Mrs. Donald G. Seymour, at 2 p.m. on Saturday, February 27. The Reverend Joseph Ray White officiated.

Given in marriage by her father, the bride wore a full-length gown of alternate layers of tulle and lace ruffles over satin, with overskirt of chantilly-type lace with scallops along the neck and hemline, accented with tiny seed-pearls and sequins. She carried a bridal bouquet of white carnations and orchids. Her fingertip illusion veil fell from a crown of seed

pearls. Maid of honor was Miss Jill Spoor, and bridesmaids were Mrs. Donald Hensley, cousin of the bridegroom, and Miss Gayle McGee, cousin of the bride. Bridal attendants wore identical dresses fashioned of light blue de-lustered satin and carried nosegay bouquets of white carnations with blue trim, with the exception of the maid of honor, who carried a bouquet of blue tipped carnations with white trim.

Flower girl was Miss Julie Seymour, sister of the bridegroom, who wore a dress similar to that of the bridesmaids; she carried a white basket of blue tipped carnations. Mrs. Walter G. Long attended the guest book.

John Ellder was best man, and ushers were Ron Shogren, Donald Hensley and Dallas Willick. Ring bearer and gift attendant were Forrest Briesse and Michael McGee, respectively, cousins of the bride.

The bride's mother wore a brocade champagne beige sheath dress with matching coat and accessories, and wore a corsage of bronze orchids.

Mother of the bridegroom chose a dress of floral printed chiffon with emerald accessories and a white orchid corsage.

A reception was held in the church Friendship Hall immediately following the ceremony. The new Mrs. Williams was graduated from Mount Miguel High School and is now employed in El Cajon. Mr. Williams attended Mount Miguel and San Diego Junior College.

After a honeymoon to Northern California, the newlyweds will be at home at 3034 Menlo Ave., San Diego.

Miss Galbreath, a graduate of Mt. Miguel High School, is now a junior in elementary education at San Diego State College. John Whitaker, a graduate of Lincoln High who also attended San Diego State, is now attending the School of Pharmacy at the University of Southern Calif. No date has been set for the wedding.

The engagement was also announced at a "Sweetheart" banquet in the First Baptist Church of Spring Valley.

MAN, GOD'S IMAGE, UNFOLDED IN SERMON

Job's question, "Shall mortal man be more just than God?" and Paul's admonition, "Come out from among them, and be ye separate . . . and I will receive you," are drawn to the conclusion expressed in Genesis (1:27), "God created man in his own image, in the image of God created he him," which is

the Golden Text of the Lesson. Sermon on "Man" at all Christian Science services on Sunday, (Job 4:17, II Cor. 6:17). Paul, the powerful apostle and teacher, carries the thought of the sermon forward in a reference from II Cor. where he writes, "For ye are the temple of the living God; as God hath said, I will dwell in them, and walk in them, and I will be their God, and they shall be my people" (II Cor. 6:16).

God's Minute

REV. H. C. BAKKEN
FAITH

Faith, as the manner in which we are saved, has no room for man's works. To seek to build our own basis for justification before God is to fail utterly. The only ONE whose works can be accepted before God as perfect are the works of Christ. We are wise to build on His works, not our own.

Church Women Plan Part in Prayer Day

The Foothills Council of Church Women will present the annual World Day of Prayer Service at the Windsor Hills Baptist Church this Friday at 1 p.m. All women are invited to attend and nursery care is being provided.

NEW CHURCH
SAN DIEGO (CNS)—A special use permit for a new church in Lemon Grove was approved Friday by the County Planning Commission. The Trinity Presbyterian Church applied for a permit for structure on the west side of Kenwood drive. It is to have a church building with gables 63 feet high. Helix Highlanders Beat Hilltop for League Championship

By Bill Ott Jr.

The Helix Highlanders basketball team took the Metro League Championship as they finished their league campaign with a narrow 61-58 victory over the Hilltop Lancers in action last Tuesday afternoon on Hilltop's new maples. Friday night the Scots romped over the Grossmont Foothillers 78-37 in a tilt played in the Mt. Miguel gym.

Robbie Hewitt took scoring honors for the Lancers with 26 points, but the Hilltoppers were outscored in every quarter and could not go ahead of the Metro Champs. Charles Schneider poured in 15 points to trail Hewitt in the scoring column.

Jim Bowers, the Metro's leading scorer, blazed 22 points to guide the Highlanders to victory. Clayton Raaka added 11 points to follow the Scots' scoring ace.

The Helix cagers went into the halftime intermission holding a small 37-32 lead over the second place Lancers, but the lead was sufficient enough for victory.

Friday night the Scots found it easy going against the Foothillers from Grossmont. Coach Locke Olson's Hillers managed only 8 baskets throughout the evening, but picked up 21 points.

Miguel gym Tuesday night and went on to win the basketball game 59-46. The Highlanders led throughout the game and were never behind their opponents after jumping off to their early lead.

The Highlanders will play Friday night, but their opponent and the site of the game is still unknown.

Refreshments and door prizes. We wish to thank the Cajon Square D's for coming out to our last regular dance and helping us make it such a ball.

The Levis and Laces will celebrate their 6th anniversary Saturday at the Lemon Grove junior high school. Clarence Montgomery as MC and several guest callers will be calling to the music of the Suare Notes. Entertainment will be provided during intermission and the evening will be topped off with a buffet supper. Everyone is invited.

A new board of directors was installed at a joint board meeting and potluck supper at the home of Phil and Audree Burch, the outgoing president and his wife. The new board consists of Pres., Ivan and Muriel McDermott; V. Pres., Bill and Betty Neuner; Treasurer, Peggy and George Maddox; Rec. Secy., Billie and Ken Clay; Corr. Secy., Marion and John Young; Courtesy Chairman, Audrey and Joe Carter; Heartland Rep., Bill and Ruth Cromer; Board Members, Dolores and Nig Wilhelmi and Dave and Viri Russell.

The beginners' class is in full swing on Monday nights but is always open to anyone who would like to join for a brush-up course. The regular club night is Wednesday night and everyone is invited, at the Lemon Grove Women's Club.

Saturday was party night for the Country Cousins at La Mesa junior high school. There was an excellent turnout, the theme being a combination of Washington's Birthday and Leap Year dance. Credit for the decorations goes to Idella Taylor and Carol Tibbetts. This coming Saturday's dance will emphasize new dance routines. Also, the round of the month (Foolish Fancy) will be taught by Ray Columbe.

Where a combination of strength and low cost is dictated, Utility grade West Coast Lumber is recommended and widely used throughout the nation for boards, studs and framing in home construction.

GROSSMONT-HILTON?—Andy Benson, 7554 Central Ave., Lemon Grove, receives a "courtesy admission card" from registration nurse at Grossmont Hospital. Benson was one of the original sponsors of the hospital district. Similar cards will be distributed to hospital patrons who have a good pay record at the hospital. Card entitles patient to be admitted to the hospital without some of the usual routine requirements. Use of the card also provides for the hospital statement to be mailed after discharge. L. M. Peelyon, hospital administrator said that the cards are not to be considered credit cards. They are intended to identify persons who have a hospital record of prompt bill-paying. He said 200 of an estimated 50,000 ultimately to be distributed have been sent to city and county officials and civic leaders.

News Photography Contest Open to Local Students

A news photography contest will supplement the news reporting competition in the third annual "Day in the Navy," which will be held March 25 for high school journalists from San Diego and Imperial counties.

Announcement of the innovation to encourage youthful cameramen to picture as well as report on the day-long cruise aboard the USS Bennington was made by Capt. C. H. Fogwill, commanding officer of U.S. Naval Reserve Public Relations Company 11-1 of San Diego, sponsor of the unique educational venture.

The photo contest is open only to student journalists authorized to make the "Day in the Navy" cruise, and there is no limit on subject matter, according to Captain Fogwill. The event is entirely optional and will be judged apart from the news writing competition.

More than 60 high school writers and editors are expected to participate in the carrier cruise to observe air operations at sea. In addition, journalism advisers, civic leaders, educators and school officials have been invited to make the trip. Members of Navy public relations companies throughout the United States, meeting in San Diego for a two-week seminar, will also attend.

News stories based on the carrier cruise will be submitted by the high school journalists and compete for 14 prizes in published and unpublished categories. In addition, the perpetual Commandant's Trophy will be awarded to the school team scoring the most points.

Fires Keep Men Busy for Week

Three fires, two in homes and one in an auto, highlighted the activities of the Spring Valley Fire Dept. for the week of Feb. 17-24.

A roast in the oven of the Marion I. Stewart home, 4124 Bancroft Dr., became overheated and caused a fire, which damaged the stove, the house and contents. That was on Feb. 19, at 12:20 p.m. The Stewarts were not at home at the time. Estimate of the damage had not been made at the time of the report. The site of the fire is out of the Spring Valley Fire Dist., but the department answered the call.

A defective chimney, leading from an oil heater at the home of Frank Wzesinski, 8759 Troy St., on Feb. 21, caused a fire, which damaged the interior wall of the house, the department reported. There was only slight damage.

At 5:50 p.m., also on Feb. 21, an auto at the home of Jack Leazy caught fire due to a defective starter switch. There was slight damage, the report stated.

Grove Man To Be Guest Of Italian Masons Grand Lodge

Dr. and Mrs. Frank Gigliotti, 3785 Riviera st., Lemon Grove, will fly to Italy in April as guests of the National Grand Lodge of Italian Masons, he said this week.

Dr. Gigliotti has spearheaded an American movement since 1944 to demand that the Masonic temple at Rome and 500 other Masonic temples, some partly destroyed during the fascist rule, be returned to the masonic order.

Gigliotti formed the American Citizens Committee For Justice To Italian Masons and was co-chairman with Admiral (USN Ret.) W. H. Stanley to pursue the possibility of having the property returned.

Norma Crossland, president of the Sr. Hi M.Y.F., announces that Saturday the group will work on an outdoor chapel in Lawson Valley, off Highway 94. The Young Adult group (post-high school age), has changed meeting day to Monday of each week.

Spring Valley Chamber Names Committees

Committee chairmen for 1960 were appointed at the Monday night meeting of the Spring Valley Chamber of Commerce. Here is the list:

Membership, Luke W. Barbour; Roads and Safety, Mrs. Betty Seymour Robinson; Ways and Means, Mrs. Robert (Rosalie) Graham; Buildings and Grounds, William Doughman; Program, Chef Smith; Entertainment, Mrs. C. V. (Jean) Eskridge; Zoning, Chef Smith; Hostesses, Mrs. J. C. (Melba) Danner; Public Relations, Charles Serr; Welfare, Mrs. J. William (Mary) Clark.

President H. A. Thomas said that a governmental committee will be appointed at a later date to study a form of local government. Also a committee on planning, as one of the main items of study on the agenda this year will be the restoration of the old adobe building and the moving of the caretaker's home.

Charles (Bud) Porter, executive assistant to the manager of the San Diego Chamber of Commerce, was guest speaker. He commended the Spring Valley Chamber for its planning of the restoration of the old Bancroft adobe house, and said that many of the Calif. landmarks are being destroyed due to freeways and new homes.

In explaining the function of the S.D. Chamber, Porter said that organization is responsible for representing approximately 1,700 San Diego business firms, and must be the "voice" of those firms. He said the chamber operated solely on the dues collected from these various

businesses, and that the chamber's annual budget runs about \$200,000. He said that the S.D. Chamber does receive some money from the city and county for research work, and to create more jobs for more people.

Porter said the chamber has been trying to coordinate a master plan for San Diego County, whereby they might develop roads, airports and sites for new industries. He said the metropolitan area has doubled every 10 years since 1900, making a master plan necessary. He said a big part of the master plan is the bringing of more water to San Diego County. The answer, he said, is in bringing the water from Northern Calif. until such time as sea water can be converted.

New Deadline Set For Vets Exemptions

A new deadline has been set for filing veterans' county tax exemption claims.

All such claims, other than welfare, must be filed with the county assessor by the first Monday in May at 5 p.m.

John McQuiken, county assessor, requests veterans to file as early in the season as possible. His office expects to process approximately eighty to eighty-five thousand veteran exemption claims this assessment period. More efficient service to all concerned will be attained, he says, if the work load is spread over the full two months, which the law still permits for the filing of these claims.

Veterans claiming exemption for the first time must come to the assessor's office and present an honorable discharge or other satisfactory evidence of service, and file a claim for exemption. The veteran must furnish the assessor the legal description or parcel number of any real estate involved, and the description and location of all other assets owned, possessed or in his control as of noon on the first Monday of March.

An exemption claim must be filed each year; but, after the first filing, subsequent annual claims may be filed by mail. About seventy-five thousand forms have been mailed to veterans who claimed exemption in San Diego County last year. Failure to receive such a form in the mail should not be construed as an indication a veteran does not need to file a claim.

Failure to file a claim between the first Monday in March at twelve noon and the first Monday in May at 5:00 p.m., constitutes a legal waiver of right to exemption for that year.

'This Rebel Breed' Good Teen Movie

As up to date as tomorrow's newspapers, because it is happening today and will happen tomorrow, William Rowland's production of "This Rebel Breed," a Warner Bros. release, brings to the screen an explosive aspect of our times, in a manner that is exciting and dramatic.

This is a story of race prejudice and discriminations among teenagers, the teenage gangs that prey on each other, as well as innocent bystanders, and of dope peddlers that mingle with the thrill seeking youth.

The story is based on an original by Pulitzer Prize-winning author A. B. Guthrie Jr., whose stories of the West are adventure classics. He wrote such novels as "The Big Sky" and "The Way West."

The picture was filmed on the streets of East Los Angeles, a hot-bed of early-age crime. Much of it was filmed at night. But it easily could have been filmed in New York or Chicago.

The talented cast is headed by fast-rising Mark Damon, who portrays a young half-Negro-half-Mexican undercover con in a high school; vivacious Rita Moreno, a Mexican girl eager to be accepted by the "white"

boys; and Gerald Mohr, who portrays a police lieutenant in charge of the juvenile division.

Others lending able support are Tom Gilson as "Muscles," Richard Rust as "Buck," Richard LaRue as "Manuel," and Freeman as "Satchel," and a special appearance by Dianne Cannon, who has built a solid reputation as an actress via four "Playhouse '90" shows.

This is definitely one of the better "teen" pictures.—B.T.

Retail Baker Tells School Lunch Ideas

Art Schott, president of the county retail bakers' assn., conducted a demonstration last week at an "idea trading post" featured at a meeting of the Southern San Diego County School Food Services Assn., held at the Lemon Grove junior high school auditorium.

He gave the school lunch "bakers" many new and useful ideas in the making and utilizing of bread in school lunches.

Mexican foods were featured in demonstrations presented to the "main dish" cooks. Fred Weedner, a Swiss chef from La Mesa, did a "bit of cutting up" for the salad gals.

Those attending enjoyed coffee following the demonstrations—and ate the "lecture materials."

Deborah Douglas Services Held

Funeral services for four year old Deborah Douglas, daughter of Mr. and Mrs. David H. Douglas, 1328 Wolbolen, Spring Valley, were held Wednesday at Conrad Mortuary, Lemon Grove. Interment followed at Ft. Rosecrans National Cemetery. She died at her home on Saturday.

Deborah was a native San Diegan. Besides her parents she is survived by a brother David; two grandmothers, Mrs. Frances Falconer of San Marcos, Calif., and Mrs. Delia Bullen of Tenn.; and a grandfather, Leonard Douglas of Michigan.

What's Doing In the PTA?

Election of next year's PTA officers is held in March to enable the president-elect to attend the annual Spring PTA state convention. Thursday, March 10, San Altos PTA will vote on nominees presented by the nominating committee. Mrs. Carl Haase is chairman. The nominees are Freda Hill, president; Orpha Brown, first vice president; Lynette Pumphrey second vice president; Edith Nicodemus, third vice president; Billie Gist, secretary; Charles Brown treasurer; Betty Minor, historian, and Bob Hill, auditor.

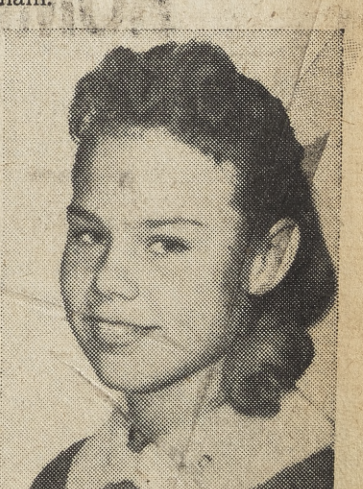

The evening's program also will include a talk on "The Three R's Today" by Dr. Charles Lienhart, associate professor of education at state college. Music will be provided by the Lemon Grove junior high school.

Local service and civic clubs are being asked to meet with the El Cajon junior chamber of commerce on Monday to discuss participation in the Eighth Annual Eastern San Diego County Fair.

The meeting will be held at 7:30 p.m. at the Johnston ave. school in El Cajon. The Fair will be held at Gillespie Field May 25-30.

At the meeting, clubs will be old how they may earn money through participating in the Fair. Jack Eaton is committee chairman.
